Description: Our PS 889 Dance Explorers will experiment with various styles of dance throughout the year, taking each style one unit at a time and learning choreography that dancers can perform in Dance Parade NYC (older dancers only, based on the distance required) and for local fairs. No experience needed! An extension of our camp programming, Dance Explorers will provide a wonderful introduction to dance for new dancers and complement technique classes at the studio as well.

We have 15 available spots for each day, 5 of which will be free, need-based spots for which families must apply. Please contact info@aldenmovesbk.com or aldenmovesbk@gmail.com for a scholarship application. You can otherwise register by semester or save with full-year registration. Monthly payment packages are available, but reflect a full financial commitment to the period for which your dancer is registered. They are not pay-as-you-go packages.

Tuition:

Inclusive of 2 teachers and all materials involved each semester for costume, prop, and set design projects. Parents should provide a snack from home.

- **School Year Registration:** \$80/wk, or \$70/wk through Aug 20
- **Semester Registration:** \$85/wk, or \$75/wk through Aug 20

Registration represents a full financial commitment for the period registered. Payments are non refundable due to the lost opportunity involved, but in special circumstances, a credit may be issued.
